Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 9 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. DEPARTMENT OF AGRICULTURE—WEATHER BUREAU.

The following data, covering a period of 32 years, have been compiled from the Weather Bureau records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month, September, for 32 years.

TEMPERATURE, (1890-1905).

Mean or normal temperature, 78 deg.

The warmest month was that of 1891,

with an average of 80 deg.

The coldest month was that of 1905,

with an average of 77 deg.

The highest temperature was 88 deg.

on 9 and 16, 1890; 29, 181; 14, 1892;

10, 1896; 12, 1900.

The lowest temperature was 65 deg.

on 15, 1890.

PRECIPITATION (1877-1894, 1904-6).

Average for the month, 1.27 inches.

Average number of days with .01 of

an inch or more, 14.

The greatest monthly precipitation

was 2.95 inches in 1888.

The least monthly precipitation was

0.36 inches in 1883.

The greatest amount of precipitation

recorded in any 24 consecutive hours

was 1.27 inches on the 8th, 1888.

RELATIVE HUMIDITY.

Average: 9 a. m., 65 pct.; 8 a. m., 65

pct.; average, 9 p. m., 72 pct. (1893-

1903); 8 p. m., 72 pct. (1904-06).

CLOUDS AND WEATHER (1890-06).

Average number of clear days, 14;

partly cloudy days, 14; cloudy days, 2.

WIND.

The prevailing winds are from the

NE. (1875-1894, 1904-6).

The average hourly velocity of the

wind is 7.9 miles (1904-06).

The highest velocity of the wind was

28 miles from the NE. on the 18th, 1903

(1904-06).

Station: Honolulu, T. H.

Date of Issue: August 31, 1907.

* 9 o'clock averages from records of

Territorial Meteorologist, 8 o'clock

averages from Weather Bureau records.

Butake, Hing Wo, B. F. Vickers, A. F.

Ewart, Miss Weissgerber and 42 deck.

DEPARTED.

Per U. S. A. transport Buford, for

San Francisco, October 20.—Major S.

W. Dunning, Mrs. R. L. Halsey and

child.

SHIPPING NOTES

The transport Crook sailed from Ma-

nila on October 2. It was not certain

whether she was bound for San Fran-

cisco direct or would stop here.

The transport Warren, it is said, will

not come through here as was re-

cently reported, she having been re-

tained for several months for service

between the Philippine Islands.

The transport Buford may take the

place of the Logan on the next regular

transport trip from San Francisco to

the Philippines via this port. The

Logan's sailing day was set for No-

vember 5.

United States Army transport Bu-

ford, Captain Hall, arrived in this

harbor at 8:30 o'clock on Saturday

night last from Manila and sailed for

San Francisco at 8 o'clock yesterday

morning, taking as a passenger Major

Dunning who has been ordered to the

coast to pass the riding examination

now required which calls for fifteen

miles on horseback at three different

gaits. Mrs. R. L. Halsey and child,

family of the immigration inspector

here were also coast-bound passengers.

Mrs. J. J. Pershing and child, family

of Brigadier General John J. Pershing,

hero of Mindanao and terror of the

Pulajanes in 1902 and 1903, were

through passengers for the States from

Manila. The Buford took on no coal

here and no through passengers for

Honolulu. She carried very few pas-

sengers through.
